

**SERIOUS WRECK AVERTED.**

Fireman Jack Holloway Injured by Leaping When Collision Seemed Imminent.

A serious wreck was narrowly averted in the north Earlington yard early this morning between two freight trains, which if it had occurred, would have resulted in considerable property loss and the lives of several trainmen.

The coal train crew had received orders to meet No. 77, through freight, in charge of Engineer Ike Luton and Fireman Jack Holloway, at Madisonville and were preparing to depart when No. 77, which for some reason had failed to get meeting order, came into sight around the Fleming curve. The crews of both trains jumped, Engineer Luton applying the air brake and reversing his engine before he leaped, and the trains were stopped in time to prevent a collision. All of the trainmen escaped injury with the exception of Fireman Holloway, whose right leg was broken in two places below the knee. He was conveyed to the St. Bernard hospital, where he received medical attention and is resting nicely.

It will be remembered that Fireman Holloway, at the risk of his own life, saved a small child from death on the railroad track near Sebree some time since. He was promoted to an engineer for this heroic deed, being assigned to the Birmingham division, and was only waiting to be relieved before assuming his new duties.

**NOT LARGE ENOUGH.**

L. & N.'s New Office Building at 10th & Broadway Inadequate.

All of the general offices of the Louisville and Nashville railroad will be moved into the new office building at Tenth and Broadway on January 15. Some have already been moved and the others are getting ready. The officials find, however, that the big eleven-story structure is not large enough to accommodate all of the officers, and it has been decided for this reason to allow the general offices of the passenger department to remain at Second and Main streets, where they have been located for many years. The business of the L. & N.'s freight department has increased so much during the past few years that much more room will be needed to accommodate the general freight department. When the new general offices of the L. & N. were first planned it was believed that there would be ample room.

**A Woman is Never Old.**

Who allows herself to think only of pleasant things.

Who trains her tongue to utter only pleasant words.

Who remembers that frown are unbecoming and smiles are better.

Who keeps her nerves well under control and remembers that they are not an interesting subject to anyone.

Who enters into the plans and, as far as possible into the doings of the young people about her.

Who never allows herself to become slouchy and careless in appearance.

Who treats others as she likes to be cared for herself and never demands too much from her friends.

**Confirmed by the Senate.**

Washington, Dec. 19.—The senate in executive session confirmed the nomination of Lebbeus R. Willey, of Missouri, to be the judge of the United States court for China.

**Movement of Bullion.**

London, Dec. 19.—Bullion amounting to £73,000 was taken into the Bank of England, and £230,000 was withdrawn for shipment to Egypt.

**JNO. T. BARNETT RESIGNS.**

Popular and Efficient Marshal will Leave Police Force.

Jno. T. Barnett, who has been connected with the police force of this city for some time past, has tendered his resignation to take effect January 1.

Marshal Barnett has been one of the most popular and efficient guardians of the peace that this city has ever had, and his resignation causes surprise and regret to his numerous friends.

It is not known what Mr. Barnett's plans are in regard to the future.

The only way to reach heaven is by attempting to realize heaven now.

**Box Rent Due Every Quarter.**

The Postmaster General has issued the following rule for the guidance of the postmasters and patrons of the United States mail service:

"Box rents must be collected at the beginning of each quarter for the entire quarter, but no longer. Ten days before the last day of each quarter postmasters are required to place a bill (on Form 1538 or 1538½) bearing the date of the last day of the quarter in each rented box. If a boxholder fails to renew his right to his box on or before the last day of a quarter the box shall then be closed and offered for rent and the mail will be placed in the general delivery."
